BG3002010	360	black	metal

Other sizes are available on request.

Pressure container for large cartridges
 incl. mounting possibility of an **empty signal**

Article number	size cc	colour	material
BG3002023	180	black	metal
BG3002024	240	black	metal
BG3002025	360	black	metal

Other sizes are available on request.

Bayonet cap for pressure vessel

Size 600 cc

Bayonet adapter for pressure vessel

Article number	size cc
BG3002034	600

Bayonet cap for pressure vessel

Size 75 cc – 360 cc

Article no.	description
BG3002026	compatible to Semco© Article is delivered without screw connection
BG3002031	compatible to EFD cartridge – For a beaded rim <48mm Article is delivered without screw connection and pressure adapter
BG3000784	compatible with Semco© with flat seal – Recommended for disposable applications only, as the beaded rim is subject to high loads.
BG3000857	compatible to Semco© with internal sealed geometry – Push-in fitting for 6/4 mm pneumatic hose – Optimized closure system for one-way and reusable applications. Scope of delivery: Adapter, ME3251000 / O-ring, BG3000819
BG3002032	compatible to EFD cartridge with internal sealed geometry – For a beaded rim <48mm – Push-in fitting for 6/4 mm pneumatic hose – Optimized closure system for disposable and reusable applications. Scope of delivery: Adapter, ME3251000 / O-ring, BG3000819

Other sizes are available on request.

Accessories

Adapter und o-ring

Adapter for large cartridge INOX, inlet / outlet

Article number

described

ME3251000

Adapter for large cartridge G1/4", with internal thread: G1/8"
 (O-ring: BG3000819, BG3000820, BG3000656)

Adapter for large cartridge INOX, exposed version

Article number

described

ME3251001

Adapter for large cartridge G1/4", with internal thread: G1/8"
 (O-ring: BG3000820, BG3000656)

O-ring:

Article number	size mm	colour	material
BG3000819	34,00 x 4,0	black	FKM
BG3000820	14.00 x 2.5	black	FKM
BG3000656	13.00 x 2.5	black	NBR
BG3000759	38.00 x 3.0	black	EPDM

Accessories

Pistons and Caps

Piston for large cartridges

Article number	size cc	colour	material
BG3002011	75 - 360	transparent	PE
BG3002012	75 - 360	black	PE

Top cap for large cartridges top

Article number	size cc	colour	material
BG3002014	75 - 360	red	LDPE

Screw plug for cartridges

Article number	size	colour	material
BG3002021	1/4"	red	PE

Handle for pressure container compatible with SEMCO

Article number	described
BG3001256	- clamping function of the cartridge container by rotating the handle - designed for using a finger switch 30 / 55 cc (sold separately)

Empty signal and assembly

Empty signal:

Article number	described
BG3000219	Empty signal for large cartridges 180 - 360 cc
BG100131	Sensor connection cable M12, open cable ends, 4p

Assembly:

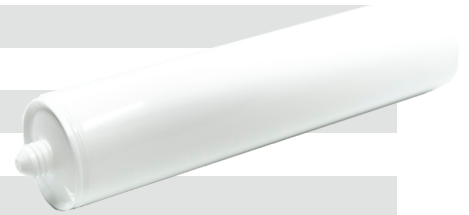

Article number	described
BG3200027	Clamping Semco cartridge sleeve 75 - 360 cc

Cartridge 310 cc and pressure container

Cartridge 310 cc, open bottom, female thread 1/4" NPT

Article number	size cc	colour	material
BG3002016	310	transparent	PP

Cartridge 310 cc, bottom closed to cut open, external thread

Article number	size cc	colour	material
BG3002017	310	white	PE

Pneumatic telescopic pistons Pressing out

Article number	described
BG3000622	Cartridge sleeve aluminium for 310ml cartridges with telescopic piston

Attention:

- H Sigrist & Partner AG cannot guarantee the tightness of the Euro cartridges!
- If the cartridge needs to be stabilised, this can be done using spacer foil (A4 format). The film thickness depends on the exact type of cartridge. Due to the large variety of 310ml cartridges, this can be done, if necessary, by the customer.

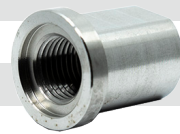

Accessories

Adapter and O-ring

Adapter for Euro cartridge with internal thread G1/4"

Article number	described	material
BG3600033	insert variant	INOX
BG3600034	clamp variant	INOX

BG3600035	without collar	INOX
BG3600036	metric	INOX

O-ring

Article number	colour	material
BG3000820	black	FKM
BG3000656	black	NBR

Accessories

Pistons and Caps

Piston for cartridge 310 cc, stable version with oversize

Article number	size cc	colour	material
BG3002018	310	weiss	PE
